VHA 101 - VA Central Office (VACO)	22-04610-F	5/23/2022	-	1. Why was the manager that they chose to give the position over him, why was she allowed during the height of the pandemic to transfer to another unit to make sure she didn't bring the virus home to her sick son but Mr. (b)(6) was not allowed to and brought the virus home to his mother that later died thanks to Gainesville Medical Center the veterans affairs and any administration on the staff that didn't approve of his reasonable accommodations. We need all their names as well. 2. I'm regards to hiring, firing and disciplinary actions, any emails messages a etc. also specific information for an employee that was wrongfully terminated for speaking out about Covid-19 and the administration of hydroxychloroquine. 3. How a white Physcian assistant was able to get away with being verbally racist? 4. How (b)(6) (b)(6) was able to get away with calling him a gopher? 5. Information on the systemic racism agency wide as this is a systemic problem when it comes to Black people in the VA. 6. Why there was a Mcm stating he was the acting center director after hours yet was never promoted in regards of pay and step? 7. How Gainesville medical center covered up his transfer and refused to allow him to transfer into the manager role despite being the nurse supervisor for two years, also why he was denied the assistant director role. 8. Why was the manager that they chose to give the position over him? 9. Any emails or text exchange for (b)(6) (b)(6) and the Lebanon VA police or any other ranking administrators around 2/2018-12/2018 pertaining to Mr. (b)(6) his nursing license and the VA attempting to set him up to lose it. For years these two institutions were allowed to discriminate and abuse this individual and other minorities 10. I would also like to know of MCM-015 I believe that states that the nurse supervisor is the acting center director during off duty hours, which if that's the case why was Mr. (b)(6) not made at least a nurse three, with that responsibility he should have been a nurse four? 11. Why was there also some weird if two nurse supervisors are on then one had to be sent to a floor? 12. Was this required of nurse managers, ACNS's or center directors during the day when staff was short? 13. VACO – OI&T - Office of Information and Technology (005)	22-06126-F	5/31/2022	-	Under the laws of the Freedom of Information Act, I would like to request the records/complete file of my father's service-connected disability claim that was denied on appeal around 1991. My father, (b)(6) died in April of 1990 of non-Hodgkin's lymphoma and my mother, (b)(6) passed away in 1997. The original claim was filed in 1989 while he was still living, then represented by the Paralyzed Veterans of America, and after his death, his wife (b)(6) continued the claim with the PVA still representing her. The claim was in reference to the veteran being present at the Nevada atomic test site in the early 1950's and subsequent exposure to radiation during the Upshot-Knothole atomic testing blasts. Unfortunately, the records retained by the PVA have since been routinely destroyed in 2007. I am seeking a copy of his file for further investigation as his surviving daughter. Thank you for your time and consideration regarding this matter. I would like to request expedited access to these claim documents, as my father qualifies as a claimant under The Radiation Exposure Compensation Act ("the Act" or "RECA"). The deadline for a RECA claim must be postmarked by July 11, 2022, to be deemed timely filed. I am hoping these same documents in my father's service-connected disability claim will also satisfy the eligibility requirements related to his radiation - caused illness/death and his exposure to the risks identified in the RECA statute. This has been a long-awaited restitution that my father did not receive recognition for while he was still alive. As the proud daughter of (b)(6) it's time to reengage on his behalf.	-	-

VBA 101 - VA Central Office (VACO)	22-06442-F	6/13/2022	Morgage Data Web LCC	Per your request, I am making a monthly Freedom of Information Act (FOIA) request to continue receiving the VA's monthly single-family loan guarantee mortgages. The data fields that you have provided us from your Excel spreadsheet each month have been the following: Loan amount, closing date, lender ID, either FIPS State and County code (preferred) or simply that State name and County name (and we will create a table assigning the FIPS State/County codes). The information can be emailed to us monthly from an Excel spreadsheet as you have been doing for years. We use this information to aggregate lender activity by county, metro area and state. We have been doing this since our original FOIA request back in the late 1970's was approved by the VA and there has never been a problem with supplying us with this monthly data for over 40+ years. Further, supplying this information helps the nation's VA homeowners because it makes the VA mortgage market more efficient by letting lenders know which markets have shown growing need for VA mortgages and allows them to allocate more resources and branch offices to those areas. That in turn spurs competition among lenders who lower rates and the VA homeowner benefits by lowering their housing costs and increasing home ownership.	-	-

VACO – OI&T - Office of Information and Technology (005)	22-06613-F	6/21/2022	-	I am inquiring about a FOIA request. I recently applied to the position of "Security Assistant, CBST-11494498-22-JW" in Fayetteville, AR. 33 applicants put in for this position. I am a preference eligible veteran with a service connected claim greater than 30%, honorably discharged and served on two combat tours. I have two Bachelor degrees and recently completed my Masters in Criminal Justice. Within a three minute time span I was found eligible, referred and then denied the position over another applicant. When I requested information from the HR representative in announcement. I was informed to make a FOIA request to the Privacy Act Officer based on my question of, "what set apart the selected candidate over myself". After reaching out to the Fayetteville VA Healthcare System of the Ozarks. I was unable to get any helpful information and I have not received any communication or acknowledgement on this matter, let alone the opportunity to make a FOIA request; unless it's for my own medical records. Which is not the issue for this matter. I am seeking guidance on who I need to contact and the process needed to be taken to receive this information. Also, I would like to inquire as to why an employment position was posted as open to the "Public and Veterans" if the position was already promised to an internal employee and/or friend of the Hiring Manager; when they are applicable to internal employee transfers that are separate from	Other Reasons - Records not reasonably described	6/22/2022

VACO – OI&T - Office of Information and Technology (005)	22-06520-F	6/21/2022	Bruce C. Moore, P.C.	The information for the veteran I am seeking is deceased. His name is: (b)(6) SSN: (b)(6); DOB: 07/19/1937. I have attached the veteran's death certificate, the small estate affidavit filed with the court (showing the date of filing and the court file number) and an EOB (explanation of benefits) for the decedent. Our office represents the affiant for the veteran/decedent. The EOB shows the date of March 5, 2022 at the top left. The date of service for the decedent is January 7, 2021. It appears that the decedent was treated by the community and not the VA for this date of service. We are trying to determine if the veteran/decedent's estate owes for the service date of 1/7/21 as indicated on the EOB. The EOB does not exactly state who the veteran/decedent was treated by, it just says "City of Springfield". Therefore, I am unable to contact the provider directly. The explanation has the remark that: "the claim/claim line has a billing issue". It appears that the community care bill may have been denied. -Our office is requesting the contact information for the original provider for this date of service. -Confirmation if the veteran/decedent currently owes for this date of service. -Confirmation whether or not the VA has denied the community care bill.	-	-

VACO – GC - General Counsel (02)	22-06816-F	6/28/2022	Veterans Education Success	I am submitting a new FOIA request to obtain the following information. • Eight of the 24 applications were marked pending and 2 stated that they were either "sent to SECVA for review" or "supervisor confirmed." Seven of the 10 applications were received in 2018 and 1 was from 2019: (1) which, if any, of the 10 applications were denied, including the reason for the denial; (2) which, if any, of the 10 applications are still pending, including the reason they are still pending; (3) copies of the 10 waivers showing their final status (e.g., approved, denied, etc.). I am attaching an excel file that identifies the 10 pending waivers. The number in Col. A is the page number in the PDF file for each pending application. • Copies of any memos, emails, or Power Point slides that provide guidance to waiver applicants or reviewing officials on completing the waivers. • Please provide a blank copy of the waiver application, which I assume is completed online, so that I can see the options in the drop-down menus. • Please provide the date that the waiver application form was made available for use. • Can you confirm that the waiver application is only for VA employees and if so, is there a separate form for SAA staff who must also obtain waivers? The Supervisor Acknowledgement portion of the form suggests the form is limited to VA employees because it states "Please enter your facility head or if you are not a VA facility, the Director Education Service ((b)(6))". Facility heads are Medical Center Directors, Regional Office Directors, and National Cemetery Directors."	-	-
